

Environmental Assessment For The Proposed Effluent Limitations Guidelines, Pretreatment Standards, And New Source Performance Standards For The Centralized Waste Treatment Industry

ENVIRONMENTAL ASSESSMENT FOR THE
PROPOSED EFFLUENT LIMITATIONS GUIDELINES, PRETREATMENT
STANDARDS, AND NEW SOURCE PERFORMANCE STANDARDS FOR
THE
CENTRALIZED WASTE TREATMENT INDUSTRY

December 1998

U.S. Environmental Protection Agency

Charles Tamulonis
Task Manager

ACKNOWLEDGMENTS AND DISCLAIMER

The Standards and Applied Science Division, Office of Science and Technology, has reviewed and approved this report for publication. The Office of Science and Technology directed, managed, and reviewed the work of Aqua Terra in preparing this report. Neither the United States Government nor any of its employees, contractors, subcontractors (Tetra Tech, Inc.), or their employees make any warranty, expressed or implied, or assumes any legal liability or responsibility for any third party's use of or the results of such use of any information, apparatus, product, or process discussed in this report, or represents that its use by such party would not infringe on privately owned rights.

Table of Contents

Executive Summary	ES-1
1.0 Introduction	1-1
2.0 Methodology	2-1
2.1 Estimating In-Stream Concentrations	2-2
2.1.1 Direct Discharging Facilities	2-2
2.1.2 Indirect Discharging Facilities	2-5
2.2 Estimating POTW Effects	2-6
2.3 Assumptions and Caveats	2-8
2.4 Conducting Documented Environmental Effects	2-10
2.5 Estimating Toxic Effects	2-10
2.5.1 Estimating Effects on Aquatic Life	2-10
2.5.2 Estimating Effects on Human Health	2-10
2.6 Estimating Human Health Risk Associated with Consumption of Lead- Contaminated Fish	2-14
3.0 Data Sources	3-1
3.1 Facility-Specific Data	3-1
3.2 Information Used to Evaluate POTW Operations	3-2
3.3 Water Quality Criteria	3-2
3.3.1 Aquatic Life	3-5
3.3.2 Human Health	3-7
4.0 Results	4-1
4.1 Projected Water Quality Impacts	4-1
4.1.1 Combined Environmental Effects of 95 CWT Facilities at Baseline and with Proposed Limits	4-4
4.1.2 Metals Subcategory	4-5
4.1.3 Oils Subcategory	4-11
4.1.4 Organics Subcategory	4-16
4.2 Documented Environmental Effects	4-19
4.2.1 Permit Violations of CWT Facilities	4-19
4.2.2 Effects of CWT Wastes on POTW Operations and Water Quality	4-19
5.0 References	5-1

Table of Contents (continued)

APPENDICES

A:	Dilution Concentration Potential Values	A-1
B:	Toxicological Information	B-1
C:	Pollutants of Concern	C-1
D:	Documented Environmental Effects	D-1
